

Bridge Scoring Simple Guide

This app helps you keep score for a bridge game.

Put It On Your Mac

1. Open the file Keaton sends you.
2. If a window opens with Bridge Scoring and Applications, drag Bridge Scoring onto Applications.
3. Open Applications.
4. Double-click Bridge Scoring.
5. If your Mac says it cannot open the app, call Keaton.

Open The App

1. Double-click Bridge Scoring.
2. Wait for the home screen to appear.
3. If something looks wrong, close the app and open it again.
4. If it still does not work, call Keaton.

Start A New Game

1. Click New Session.
2. Leave the usual choices alone unless you need to change them.
3. Click Create Session.
4. When the app says the game was created, click OK.

Enter A Score

1. Click Board Entry.
2. Pick the board you are scoring.
3. Tap the contract number.
4. Tap the suit.
5. Tap Doubled or Redoubled only if needed.
6. Tap who played the hand.
7. Tap how many tricks were made.
8. Check the score shown on the screen.
9. Click Save & Next Board.

See The Results

1. Click Results.
2. Look at Final Standings to see the current scores.
3. Click Export Text if you want to save a copy.

Fix A Mistake

1. Click Results.
2. Find the row with the mistake.
3. To remove the row, click the red X.
4. To change a number, double-click the number and type the right one.
5. If you are not sure what to change, call Keaton before deleting anything.

Use A Photo

Typing scores by hand is the safest way.

If Keaton has set up photo reading for you:

1. Click Scan.
2. Choose a clear photo of the score sheet.
3. Click AI Parse & Import.
4. Check the results afterward.

If the photo reader gets confused, type the score by hand instead.

Close The App

When you are done, close the window like any other app.
